All such grievances shall be initiated and processed in accordance with the grievance and arbitration provisions in this Agreement. The employees (by and through the Union) shall be provided all substantive rights and remedies available under applicable law. Where the Union chooses not to prosecute a grievance for wage and hour claims or disputes, an employee may initiate a grievance for wage and hour claims or disputes under this Agreement and the employee shall be provided all substantive remedies that he/she would otherwise be entitled to under applicable law. Notwithstanding the preceding sentence, an individual employee cannot pursue class and/or collective wage and hour claims or disputes or grievances on behalf of more than the individual employee. In no case shall a Contractor, regardless of the number of his employees, work on an overtime basis unless accompanied by a Journeyman.

All charges of violations of this section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement for the handling of grievances with the exception that any decision of a local labor-management committee that may be contrary to the intent of the

The primary function and job of any worker appointed Steward shall be that of a journeyman wireman.

Stewards shall be appointed by, may be removed by, and are subject to the authority of the Business Manager.

A STEWARD SHALL NOTIFY HIS EMPLOYER OR HIS EMPLOYER'S REPRESENTATIVE IMMEDIATELY OF ANY DISPUTES, GRIEVANCES OR DIFFICULTIES ARISING ON A JOB. UNDER NO CIRCUMSTANCES SHALL THE STEWARD CAUSE A SLOW DOWN OR WORK STOPPAGE. IF UNABLE TO ADJUST, HE SHALL NOTIFY THE BUSINESS MANAGER.

DISCIPLINING MEMBERS

SECTION 3.3 The Union reserves the right to discipline its members for violations of its laws, rules and agreements.

CARE OF TOOLS AND PROPERTY

SECTION 3.5 When such removal takes place, the Union or its representatives shall direct the workmen on such job to carefully put away all tools, material, equipment or any other property of the Employer in a safe manner. The Union will be financially responsible for any loss to the Employer for neglect in carrying out this provision, only when a safe place is provided for these by the Employer.

LOANING OF MEN

SECTION 3.6 The Employer shall not loan or cause to be loaned the workmen in his employ to any other Employer without mutual consent of the Employer and the Union and then only when applicants possessing the required skill are not available under the Referral Procedure.

I.B.E.W. UNION POLICY

SECTION 3.7

(a) The policy of the Local Union and its members is to promote the use of material and equipment manufactured, processed, or repaired, under economically sound wage, hour, and working conditions by their fellow members of the I.B.E.W.

(b) Employment by the Local Union, the JATC, or a related entity bound by a subscription agreement to the trust funds established by this Agreement shall be considered employment under the terms of this Agreement for purposes of referral.

ANNULMENT / SUBCONTRACTING

SECTION 3.8 The Local Union is a part of the International Brotherhood of Electrical Workers and any violation or annulment by an individual Employer of the approved Agreement of this or any other Local Union of the IBEW, other than violations of Paragraph 2 of this Section, will be sufficient cause for the cancellation of his Agreement by the Local Union after a finding has been made by the International President of the Union that such a violation or annulment has occurred.

The subletting, assigning or transfer by an individual Employer of any work in connection with electrical work to any person, firm, or corporation not recognizing the IBEW or one of its Local Unions as the collective bargaining representative of his employees on any electrical work in the jurisdiction of this or any other Local Union to be performed at the site of the construction, alteration, painting or repair of a building, structure or other work, will be deemed a material breach of this Agreement.

All charges of violations of Paragraph 2 of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

UNION SECURITY

SECTION 3.9 All employees covered by the terms of this Agreement shall be required to become and remain members of the Union as a condition of employment from and after the eighth (8th) day following the date of their employment, or the effective date of this Agreement, whichever is later.

WORK PRESERVATION

SECTION 3.11

All charges or violations of this Section shall be considered as a dispute and shall be processed in accordance with the provisions of this Agreement covering the procedure for the handling of grievances and the final and binding resolution of disputes.

(b) As a remedy for violations of this Section, the Labor-Management Committee, the Council on Industrial Relations for the Electrical Contracting Industry, and/or an independent arbitrator, as the case may be, are empowered, in their discretion and at the request of the Union, to require an Employer to (1) pay to affected employees covered by this Agreement, including registered applicants for employment, the equivalent of wages lost by such employees as a result of the violations; and (2) pay into the affected joint

trust funds established under this Agreement any delinquent contributions to such funds which have resulted from the violations. Provision for this remedy herein does not make such remedy the exclusive remedy available to the Union for violation of this Section nor does it make the same or other remedies unavailable to the Union for violations of other Sections or other Articles of this Agreement.

(c) If, as a result of violations of this Section, it is necessary for the Union and/or the Trustees of the Joint Trust Funds to institute court action to enforce the award rendered in accordance with Subsection (b) above, or to defend an action which seeks to vacate such award, the Employer shall pay any accountant's and attorney's fees incurred by the Union and/or the Fund Trustees, plus the cost of litigation, which have resulted from the bringing of such court action.

VOLUNTARY RECOGNITION LANGUAGE

SECTION 3.12 The employer agrees that, if it has not previously done so, it will recognize the Union as the exclusive collective bargaining agent for all employees performing electrical work within the jurisdiction of the Union on all present and future jobsites, if and when a majority of the employers/employees authorizes the Union to represent them in collective bargaining.

ARTICLE V REFERRAL PROCEDURE

SECTION 5.1 In the interest of maintaining an efficient system of production in the industry, providing for an orderly procedure of referral of applicants for employment, preserving the legitimate interest of the employees in their employment status within the area and of eliminating discrimination in employment because of membership or non-membership in the Union, the parties hereto agree to the following system of referral of applicants for employment.

SECTION 5.2 The Union shall be the sole and exclusive source of referral of applicants for employment.

SECTION 5.3 The Employer shall have the right to reject any applicant for employment.

SECTION 5.4 The Union shall select and refer applicants for employment without discrimination against such applicants by reason of membership or non-membership in the Union and such selection and referral shall not be affected in any way by rules, regulations, bylaws, constitutional provisions or any other aspect or obligation of Union membership policies or requirements. All such selection and referral shall be in accord with the following procedure.

SECTION 5.5 The Union shall maintain a register of applicants for employment established on the basis of the Groups listed below. Each applicant for employment shall be registered in the highest priority Group for which he qualifies.

JOURNEYMAN WIREMAN/JOURNEYMAN TECHNICIAN

GROUP I All applicants for employment who have four (4) or more years' experience in the trade, are residents of the geographical area constituting the normal construction labor market, have passed a Journeyman

Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or have been certified as a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee, and, who have been employed in the trade for a period of at least one (1) year in the last four (4) years in the geographical area covered by the collective bargaining agreement.

Group I status shall be limited to one local union at a time. An applicant who qualifies for Group I in a local union shall be so registered electronically and remain on Group I in that local union unless and until the applicant designates another local union as his or her Group I local union. If an applicant qualifies for Group I status in a local union other than his or her home local union and designates that local as his or her Group I local union, the business manager of the new Group I status local union shall, by electronic means, notify the business manager of the applicant's former Group I status local union.

GROUP II All applicants for employment who have four (4) or more years' experience in the trade and who have passed a Journeyman Wireman's examination given by a duly constituted Inside Construction Local Union of the I.B.E.W. or has been certified a Journeyman Wireman by any Inside Joint Apprenticeship and Training Committee.

GROUP IV All applicants for employment who have worked at the trade for more than one (1) year.

TEMPORARY EMPLOYEES

SECTION 5.6 If the registration list is exhausted and the Local Union is unable to refer applicants for employment to the Employer within forty-eight (48) hours from the time of receiving the Employer's request, Saturdays, Sundays, and Holidays excepted, the Employer shall be free to secure applicants without using the Referral Procedure but such applicants, if hired, shall have the status of "temporary employees."

SECTION 5.7 The Employer shall notify the Business Manager promptly of the names and Social Security numbers of such "temporary employees," and shall replace such "temporary employees" as soon as registered applicants for employment are available under the Referral Procedure.

DEFINITIONS

SECTION 5.8 "Normal construction labor market" is defined to mean the following geographical area plus the commuting distance adjacent thereto, which includes the area from which the normal labor supply is secured:

ORANGE COUNTY IN ITS ENTIRETY.

The above geographical area is agreed upon by the parties to include the area defined by the Secretary of Labor to be the appropriate prevailing wage area under the Davis Bacon Act to which the Agreement applies.

SECTION 5.9 "Resident" means a person who has maintained his permanent home in the above defined geographical area for a period of not less than one (1) year or who, having had a permanent home in this area, has temporarily left with the intention of returning to this area as his permanent home.

SECTION 5.10 An "Examination" shall include experience rating tests if such examination shall have been given prior to the date of this procedure, but from and after the date of this procedure, shall include only written and/or practical examinations given by a duly constituted Inside Construction Local Union of the I.B.E.W. Reasonable Intervals of time for examinations are specified as ninety (90) days. An applicant shall be eligible for examination if he has four (4) years' experience in the trade.

SECTION 5.11 The Union shall maintain an "Out of Work" list which shall list the applicants within each Group in chronological order of the dates they register their availability for employment.

RE-REGISTRATION

SECTION 5.12 An applicant who has registered on the "Out of Work" list must renew his application every 30 days or his name will be removed from the "List".

SECTION 5.13 An applicant who is hired and who receives, through no fault of his own, work of forty hours or less shall, upon re-registration, be restored to his appropriate place within his Group.

SECTION 5.14

(a) Employers shall advise the Business Manager of the Local Union of the number of applicants needed. The Business Manager shall refer applicants to the Employer by first referring applicants in Group I in the order of their places on the "Out of Work List" and then referring applicants in the same manner successively from the "Out of Work List" in Group II, then Group III, and then Group IV. Any applicant who is rejected by the Employer shall be returned to his appropriate place within his Group and shall be referred to other employment in accordance with the position of his Group and his place within his Group.

(b) **Repeated Discharge.** An applicant who is discharged for cause two (2) times within a 12-month period shall be referred to the neutral member of the Appeals Committee for a determination as to the applicant's continued eligibility for referral. The neutral member of the Appeals Committee shall, within three business days, review the qualifications of the applicant and the reasons for the discharges. The neutral member of the Appeals Committee may, in his or her sole discretion: (1) require the applicant to obtain further training from the JATC before again being eligible for referral; (2) disqualify the applicant for referral for a period of four weeks, or longer, depending on the seriousness of the conduct and/or repetitive nature of the conduct; (3) refer the applicant to an employee assistance program, if available, for evaluation and recommended action; or (4) restore the applicant to his/her appropriate place on the referral list.

SECTION 5.15 The only exceptions which shall be allowed in this order of referral are as follows:

(a) When the Employer states bona fide requirements for **special skills** and abilities in his request for applicants, the Business Manager shall refer the first applicant on the register possessing such skills and abilities.

(b) The age ratio clause in the Agreement calls for the employment of an additional employee or employees on the basis of age. Therefore, the Business Manager shall refer the first applicant on the register satisfying the applicable age requirements provided, however, that all names in higher priority Groups, if any, shall first be exhausted before such overage reference can be made.

APPEALS COMMITTEE

SECTION 5.16 An Appeals Committee is hereby established composed of one member appointed by the Union, one member appointed by the Employer or the Association, as the case may be, and a Public Member appointed by both of these members.

It shall be the function of the Appeals Committee to consider any complaint of any employee or applicant for employment arising out of the administration by the Local Union of Section 5.4 through 5.15 of this Agreement. The Appeals Committee shall have the power to make a final and binding decision on any such complaint which shall be complied with by the Local Union. The Appeals Committee is authorized to issue procedural rules for the conduct of its business, but is not authorized to add to, subtract from, or modify any of the provisions of this Agreement and its decisions shall be in accord with this Agreement.

SECTION 5.17 A representative of the Employer or of the Association, as the case may be, designated to the Union in writing, shall be permitted to inspect the Referral Procedure records at any time during normal business hours.

SECTION 5.18 A copy of the Referral Procedure set forth in this Agreement shall be posted on the Bulletin Board in the offices of the Local Union and in the offices of the Employers who are parties to this Agreement.

Starting time shall be between 5:00 a.m. and 9:00 a.m. Forty (40) hours within five (5) consecutive days, Monday through Friday, inclusive, shall constitute a work week. Overtime meals are to be paid according to Sections 6.3 and 6.4

(b) After receiving authorization from the Business Manager, The Employer, with twenty-four (24) hour prior notice to the Union, may institute a work week consisting of four (4) consecutive ten (10) hour days between the hours of 5:00 a.m. and 7:30 p.m., Monday through Thursday or Tuesday through Friday, with one-half hour allowed for a lunch period. There shall be no make-up day. After ten (10) hours in a workday the applicable over time rate shall be paid.

(c) Every employer shall authorize and permit all employees to take rest periods. Rest periods may be staggered to avoid interruption in the flow of work. The authorized rest period time shall be based on the total hours worked daily at the rate of ten (10) minutes rest break for every four (4) hours worked, or major fraction thereof.

Example: 8 hours of work: Two (2) 10-minute breaks
 Over 10 hours of work: Three (3) 10-minute breaks
 Over 14 hours of work: Four (4) 10-minute breaks

Rest periods shall take place at employer designated areas, which may include or be limited to the employees' immediate work area.

OVERTIME AND HOLIDAYS

SECTION 6.2 The rate of pay for all work performed outside of regular hours shall be one and one-half times the straight time rate of pay except that double time shall be paid as follows:

4. Holidays as follows: New Year's Day, Memorial Day, Fourth of July, Labor Day, Veteran's Day (November 11th), Thanksgiving Day, day after Thanksgiving, Christmas Day or days celebrated as such.

If any of these days fall on a Sunday, the following Monday shall be considered the Holiday. If Christmas Day or New Years Day falls on a Saturday, the Friday preceding will be considered the Holiday.

The regular workday before Christmas Day, the regular workday before New Years Day, and Martin Luther King Jr. Day will normally be non-scheduled workdays. If, however, it is necessary due to job scheduling to work on those days, the straight time rate of pay will be applicable.

No work shall be performed on Labor Day except in case of emergency and then only after permission is granted by the Business Manager of the Union.

OVERTIME MEALS

SECTION 6.3 Employees required to work during the regular lunch period shall be paid time and one-half the straight time rate of pay except in case of emergency or pre-arranged work schedule. Pre-arranged work schedule must be approved at least one (1) hour prior to the established lunch period the day the work is to be performed.

SECTION 6.4 Employees working overtime in excess of 2 hours, after having worked an 8 hour shift, shall receive a paid meal period of 30 minutes, and an additional paid 30 minute meal period every 4 hours of continuing overtime work that day. The foregoing shall not apply to the noon day lunch period on Saturdays, Sundays, and holidays. Meal times shall be paid at the current rate of pay for that hour, and are subject to variation so that continuous service may be maintained.

SHIFT WORK

SECTION 6.5 When so elected by the contractor, multiple shifts of eight (8) hours for at least five (5) days' duration may be worked. When two (2) or three (3) shifts are worked:

The appropriate shift shall be determined by the start time of the shift. This chart shall be used to determine which shift and corresponding rate is applicable:

First Shift (Day Shift):	Start time between 5:00 AM and 9:00 AM (Straight Time Rate)
Second Shift (Swing):	Start time between 9:01 AM and 7:59 PM (Straight Time Rate +17.3%)
Third Shift (Graveyard):	Start time between 8:00 PM and 4:59 AM (Straight Time Rate +31.4%)

The Employer shall be permitted to adjust the starting hours of the shift by up to two (2) hours in order to meet the needs of the customer.

If the parties to the Agreement mutually agree, the shift week may commence with the third shift (graveyard shift) beginning before 4:59 a.m. Monday to coordinate the work with the customer's work schedule. However, any such adjustment shall last for at least five (5) consecutive days duration unless mutually changed by the parties to this Agreement.

An unpaid lunch period of thirty (30) minutes shall be allowed on each shift. All overtime work required before the established start time and after the completion of eight (8) hours of any shift shall be paid at one and one-half times the "shift" hourly rate.

There shall be no pyramiding of overtime rates and double the straight time rate shall be the maximum compensation for any hour worked. There shall be no requirement for a day shift when either the second or third shift is worked.

SECTION 6.6 When an employee's shift has ended or he is sent home by the Employer, he shall have ten (10) hours rest before returning to work. If not, the employee shall continue the original shift at the appropriate overtime or double time rate as applicable. The following days start time may be amended according to Section 6.1 (a) and Section 6.5 of this agreement to accommodate the 10-hour rest period.

SECTION 6.7 The first shift may start between 5:00 a.m. and 9:00 a.m.

SECTION 6.8 Shifts will consist of at least five consecutive days duration. Saturdays, Sunday and holidays, if worked within the shift schedule, (although paid according to Section 6.2) are considered to be within the five consecutive days duration.

SECTION 6.9 Sick Leave Waiver

It is the intent of the Parties that this Section satisfies the collective bargaining agreement ("CBA")

exemption provided in California Labor Code Section 245.5(a)(2) from the Healthy Workplaces, Healthy Families Act (the “Act”) for construction industry employees covered by a valid CBA, and pursuant to the CBA waivers available in the local sick leave ordinances in any other local jurisdiction that passes a sick leave ordinance with a CBA waiver. The Chapter, the Union, and the Employer expressly waive the requirements of the Act and ordinances.

SECTION 7.3 Storekeepers shall be permitted to deliver and distribute tools and materials to and around a jobsite, perform jobsite cleanup and trash removal, provide jobsite tool and material inventory and control, including the boxing and unboxing of tools, fixtures and materials. The storekeeper is not to hand fixtures or material to journeymen for installation, nor prepare or distribute conduit or materials for installation nor install fixtures or materials. The storekeeper shall be hired to the shop, not the jobsite. An employer may employ shop employees who are not cleared under this Agreement, but such non-bargaining unit employees may not perform jobsite duties permitted in this Section.

One (1) hour minimum or fraction thereof.

When workmen are required to work 70' or more from the ground or supporting structures as above, the bonus shall be doubled. The elevation of the actual work installation to be performed under the above conditions governs the applicability of the bonus.

USE OF GAS MASKS

SECTION 8.5 Where electrical workers are required to work under compressed air or in areas where injurious gasses, dust, asbestos, or fumes or spray painting are present in amounts necessitating use of gas masks or respirators by the electrical workers, they shall be paid a bonus of one-half (1/2) the straight time rate of pay. Thirty (30) minutes or more on such work entitles the workman to the premium rate for that half day. HOT AND COLD CLAUSE

SECTION 8.6 Where workmen are required to work where temperatures (other than climatic) exceed 125 degrees Fahrenheit or are less than 30 degrees Fahrenheit, they shall be paid double the straight time rate of pay for the hours worked with a minimum one (1) hour, or a fraction thereof.

SECTION 9.2 If an employee voluntarily quits his employment, his wages shall become due and payable not later than seventy-two (72) hours thereafter unless the employee has given seventy-two (72) hours previous notice of his intention to quit, in which case the employee is entitled to his wages at the time of quitting.

If the employer and employee agree that the employee's check is to be mailed, the employee shall supply written authorization to the employer, which shall also designate the employee's proper mailing address.

SECTION 9.3 The Employer shall have the right to determine the competency and qualifications of its employees and the right to discharge such employees for any just and sufficient cause. The Union may institute a grievance procedure under the terms of this Agreement if it feels any employee has been unjustly discharged.

In applying the above provision, the Employer shall not discriminate against employees in regard to hire or tenure of employment by reason of Union membership; provided however, all workmen (Union or otherwise) shall be classified and receive the wage scales as provided under Article VII, Section 7.1 of this Collective Bargaining Agreement.

ARTICLE X FRINGE BENEFITS

10.1 TIME AND METHOD OF PAYMENT - DELINQUENT EMPLOYER

Contributions to the Funds listed below shall be due and payable on or before the tenth (10th) day of each month covering hours worked by each employee through the last payroll period in the prior calendar month. Each Employer shall file a monthly report in the form established by the parties to this Agreement, and such report shall be filed regardless of whether an Employer has employed any employees in the month covered by the report. The funds are:

National Electrical Benefit Fund,
Southern California IBEW – NECA Pension Fund,
Orange County IBEW – NECA Electrical Workers Defined Contribution Plan,
NECA – IBEW Family Medical Care Plan,
National Electrical Industry Fund, Vacation Fund,
Orange County Electrical Joint Apprenticeship and Training Trust Fund,
Orange County IBEW – NECA Labor Management Cooperative Trust ,
National Labor Management Cooperation Fund,

and if applicable, National Electrical Contractors Association service charges.

Each Employer shall file a monthly payroll report for all funds using the NECA-STAR reporting system. Reports shall be filed with the Electrical Industry accounts department of the Orange County Chapter, NECA.

Any Employer who fails to report or to make contributions due to any of the listed Funds before the fifteenth (15th) day of the month in which they are due shall be considered delinquent. The Union may, with 24 hours notice to the delinquent Employer, withdraw the bargaining unit employees in order to protect against further loss until delinquencies are resolved.

The Funds shall be entitled to collect from the delinquent employer Liquidated Damages in the amount of 1.5% of any amounts delinquent for 1-31 calendar days. Liquidated Damages shall accrue thereafter at 1.5% of the principal amount per month past due. The Funds may recover from the delinquent employer reasonable collection costs, attorneys' fees, and interest.

NEBF

SECTION 10.2 It is agreed that in accord with the Employees Benefit Agreement of the National Electrical Benefit Fund ("NEBF"), as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers on September 3, 1946, as amended, and now delineated as the Restated Employees Benefit Agreement and Trust, that unless authorized otherwise by the NEBF the individual employer will forward monthly to the NEBF's designated local collection agent an amount equal to 3% of the gross monthly labor payroll paid to, or accrued by, the employees in this bargaining unit, and a completed payroll report prescribed by the NEBF. The payment shall be made by check or draft and shall constitute a debt due and owing to the NEBF on the last day of each calendar month, which may be recovered by suit initiated by the NEBF or its assignee. The payment and the payroll report shall be mailed to reach the office of the appropriate local collection agent not later than fifteen (15) calendar days following the end of each calendar month.

The individual employer hereby accepts, and agrees to be bound by, the Restated Employees Benefit

Agreement and Trust.

An individual employer who fails to remit as provided above shall be additionally subject to having his agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the individual employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Restated Employees Benefit Agreement and Trust shall also constitute a breach of this labor agreement.

DEFINED BENEFIT PLAN

SECTION 10.3 Each Employer shall contribute to the Southern California IBEW – NECA Pension Fund on behalf of each employee covered by this Agreement the amount shown in Appendix 1. This Pension Fund and Trust Document shall comply with and conform to all applicable laws.

DEFINED CONTRIBUTION PLAN

SECTION 10.4 Each employer shall make contributions to the Orange County IBEW – NECA Electrical Workers Defined Contribution Plan for all classifications as shown in Appendix 1. All disbursements shall be in accordance with the Plan adopted by the Board of Trustees.

This Plan, including Employer contributions, shall be irrevocable except by mutual consent of the parties to this collective bargaining agreement. The provisions of the plan trust and documents shall control as to plan benefits and rights not specifically addressed herein. This Plan shall comply with and conform to all applicable laws.

HEALTH AND WELFARE

SECTION 10.5 The Employer agrees to pay Health & Welfare benefits for all workmen employed under the terms of this Agreement, the amounts shown in Appendix 1. These payments shall be made each month into the NECA – IBEW Family Medical Care Plan, jointly established for this purpose and administered in compliance with Federal and State regulations governing health and welfare plans.

NATIONAL ELECTRICAL INDUSTRY FUND (NEIF)

SECTION 10.6 Each individual Employer shall contribute an amount not to exceed one percent (1%) nor less than .2 of 1% of the productive electrical payroll as determined by each local Chapter and approved by the Trustees, with the following exclusions:

- (1) Twenty-five (25%) percent of all productive electrical payroll in excess of 75,000 man-hours paid for electrical work in any one Chapter area during any one (1) calendar year but not exceeding 150,000 man-hours.
- (2) One hundred percent (100%) of all productive electrical payroll in excess of 150,000 man-hours paid for electrical work in any one Chapter area during any one (1) calendar year.

(Productive electrical payroll is defined as the total wages including overtime paid with respect to all hours worked by all classes of electrical labor for which a rate is established in the prevailing labor area where the business is transacted.)

Payment shall be forwarded monthly to the National Electrical Industry Fund in a form and manner prescribed by the Trustees no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. Failure to do so will be considered a breach of this Agreement on the part of the individual employer.

VACATION FUND

SECTION 10.7 Each individual Employer, upon substantiation of voluntary authorization, shall withhold seven percent (7%) of each covered employee's gross pay to be forwarded monthly to the American First Credit Union. These deductions shall be deposited to individual accounts at the American First Credit Union, (AFCU) maintained in the name of each individual covered employee.

The accounts held in each employee's name by AFCU shall be subject to such rules and regulations as adopted by the AFCU after approval by the parties to this Agreement. The employer's sole responsibility under this Section shall be to pay the amounts described above.

Requests for a change in the withholding of vacation deduction shall be made to the Local Union by April 15th of each year on an approved form and in accordance with the rules and regulations adopted by the Union and approved by the Chapter. The Union, upon receipt of a request to change vacation withholding shall notify the employer of such change by May 1st for implementation on the first day of the first payroll period of June. New employees may elect to have vacation deductions withheld at the time of dispatch.

Any employee not providing an approved request for vacation deduction shall not have any monies withheld.

NATIONAL ELECTRICAL 401K PLAN

SECTION 10.8 It is agreed that the individual Employer, in accord with the National Electrical 401(k) Plan Agreement and Trust ("Agreement and Trust") as entered into between the National Electrical Contractors Association and the International Brotherhood of Electrical Workers, as amended, will participate in the National Electrical 401(k) Plan ("NEFP").

The individual Employer recognizes that applicable rules require contributions to be transmitted to a 401(k) plan as soon as they can reasonably be segregated from the general assets of the employer. The Trustees of the NEFP strongly encourage all contributing employers to regularly remit to the NEFP or its designee any and all bargaining unit employee elective deferrals within seven business days of the date when the Employer receives or withholds such employee elective deferrals. However, in recognition that some employers may be unable reasonably to segregate participant contributions from their general assets more frequently than the standard monthly processing cycle for participant contributions to pension plans, as noted in U.S. Department of Labor Field Assistance Bulletin 2003-2, all contributions must be remitted by the fifteenth (15th) of the month following the month in which the amounts would otherwise have been payable to the participant. In all events, contributions not remitted by this date shall constitute a debt due and owing to the NEFP. In making such contributions, the individual Employer shall utilize the NEFP's electronic remittance system. Further, in agreeing to participate in the NEFP, the individual Employer agrees to cooperate with the NEFP by submitting all reasonably requested documents and information necessary for the NEFP to perform all required testing of the NEFP under the tax laws.

The Chapter and/or the individual Employer, as the case may be, and the Local Union certify that no existing defined benefit plan was terminated or modified in any manner solely as a condition upon or as a result of the adoption of the NEFP. This provision does not interfere with the rights and obligations of such local plan(s)' trustees to make changes to the plan(s) pursuant to the needs of the plan(s), their fiduciary duty, and the requirements of ERISA, the Pension Protection Act, or other laws and regulations.

Inasmuch as the NEFP is intended to offer bargaining unit employees the opportunity to defer current salary into a retirement savings plan and not to replace any existing employer-funded defined benefit plan, no employer contributions will be required or accepted on behalf of individuals for hours worked under the terms of this agreement.

The individual Employer hereby accepts, and agrees to be bound by, the Agreement and Trust.

An individual Employer who fails to remit employee elective deferrals as provided above shall be subject, in addition to all remedies afforded by law or in the Agreement and Trust, to having its participating in the NEFP suspended or terminated at the discretion of the Trustees of the NEFP upon written notice to the individual Employer. An individual Employer who fails to remit as provided above shall be additionally subject to having this agreement terminated upon seventy-two (72) hours' notice in writing being served by the Union, provided the individual Employer fails to show satisfactory proof that the required payments have been paid to the appropriate local collection agent.

The failure of an individual Employer to comply with the applicable provisions of the Agreement and Trust shall also constitute a breach of his labor agreement.

APPRENTICESHIP CONTRIBUTION

SECTION 10.9 Each Employer subject to the terms of this Agreement shall contribute the amount designated in Appendix 1, per hour, for each hour worked by all employees covered under the terms of this Agreement into the Orange Country Electrical Joint Apprenticeship and Training Trust Fund.

In the event the Employer is in default, the Employer shall be liable for a sum equal to 15% of the delinquent payment, but not less than the sum of twenty dollars (\$20), for each month payment of contributions is delinquent to the Fund, such amount being liquidated damages, and not a penalty, reflecting the reasonable damages incurred by the

Fund due to the delinquency of the payments. Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at a rate of ten percent (10%) per annum until paid. The Employer shall also be liable for all costs of collecting the payment together with attorneys' fees.

NATIONAL LABOR - MANAGEMENT COOPERATION COMMITTEE (NLMCC)

SECTION 10.16 The Fund shall function in accordance with, and as provided in, its Agreement and Declaration of Trust and any amendments thereto and any other of its governing documents. Each Employer hereby accepts, agrees to be bound by, and shall be entitled to participate in the NLMCC, as provided in said Agreement and Declaration of Trust.

Payment shall be forwarded monthly, in a form and manner prescribed by the Trustees, no later than fifteen (15) calendar days following the last day of the month in which the labor was performed. The Orange County Chapter, NECA, or its designee, shall be the collection agent for this Fund.

SECTION 10.18 If an Employer fails to make the required contributions to the Fund, the Trustees shall have the right to take whatever steps are necessary to secure compliance. In the event the Employer is in default, the Employer shall be liable for a sum equal to 15% of the delinquent payment, but not less than the sum of twenty dollars (\$20), for each month payment of contributions is delinquent to the Fund, such amount being liquidated damages, and not a penalty, reflecting the reasonable damages incurred by the Fund due to the delinquency of the payments. Such amount shall be added to and become a part of the contributions due and payable, and the whole amount due shall bear interest at a rate of ten percent (10%) per annum until paid. The Employer shall also be liable for all costs of collecting the payment together with attorneys' fees.

SECTION 10.19 The one cent (1¢) per hour contribution for the National LMCC is to be paid from the local LMCC Fund. There will be no increase in the wage/fringe package for this contribution.

An equal number of members (either 3 or 4) shall be appointed, in writing, by the Local Chapter of the National Electrical Contractors Association (NECA) and the Local Union of the International Brotherhood of Electrical Workers (IBEW).

The local apprenticeship standards shall be in conformance with national guideline standards and industry policies to ensure that each apprentice has satisfactorily completed the NJATC required hours and course of study. All apprenticeship standards shall be registered with the NJATC before being submitted to the appropriate registration agency.

The JATC shall be responsible for the training of apprentices, journeymen, installers, technicians, and all others (unindentured, intermediate journeymen, etc.).

SECTION 12.2 All JATC member appointments, re-appointments and acceptance of appointments shall be in writing. Each member shall be appointed for a (3 or 4) year term, unless being appointed for a lesser period of time to complete an unexpired term. The terms shall be staggered, with one (1) term from each side expiring each year. JATC members shall complete their appointed term unless removed for cause by the party they represent or they voluntarily resign. All vacancies shall be filled immediately.

The JATC shall select from its membership, but not both from the same party, a Chairman and a Secretary who shall retain voting privileges. The JATC will maintain one (1) set of minutes for JATC committee meetings and a separate set of minutes for Trust meetings.

The JATC should meet on a monthly basis, and also upon the call of the Chairman.

SECTION 12.3 Any issue concerning an apprentice or an apprenticeship matter shall be referred to the JATC for its review, evaluation, and resolve; as per standards and policies. If the JATC deadlocks on any issue, the matter shall be referred to the Labor-Management Committee for resolution as outlined in Article I of this Agreement; except for trust fund matters, which shall be resolved as stipulated in the local trust instrument.

SECTION 12.4 There shall be only one (1) JATC and one (1) local apprenticeship and training trust. The JATC may, however, establish joint subcommittees to meet specific needs, such as residential or telecommunications apprenticeship. The JATC may also establish a subcommittee to oversee an apprenticeship program within a specified area of the jurisdiction covered by this agreement.

All subcommittee members shall be appointed, in writing, by the party they represent. A subcommittee member may or may not be a member of the JATC.

SECTION 12.5 The JATC may select and employ a part-time or a full-time Training Director and other support staff, as it deems necessary. In considering the qualification, duties, and responsibilities of the Training Director, the JATC should review the Training Director's Job Description provided by the NJATC. All employees of the JATC shall serve at the pleasure and discretion of the JATC.

SECTION 12.6 To help ensure diversity of training, provide reasonable continuous employment opportunities, and comply with apprenticeship rules and regulations, the JATC, as the program sponsor, shall have full authority for issuing all job training assignments and for transferring apprentices from one employer to another. The Employer shall cooperate in providing apprentices with needed work experiences. The local union referral office shall be notified, in writing, of all job training assignments. If the employer is unable to provide reasonable continuous employment for apprentices, the JATC is to be notified.

SECTION 12.7 All apprentices shall enter the program through the JATC as provided for in the registered apprenticeship standards and selection procedures.

An apprentice may have their indenture canceled by the JATC at any time prior to completion as stipulated in the registered standards. Time worked and accumulated in apprenticeship shall not be considered for local union referral purposes until the apprentice has satisfied all conditions of apprenticeship. Individuals terminated from apprenticeship shall not be assigned to any job in any classification, or participate in any related training, unless they are reinstated in apprenticeship as per the standards, or they qualify through means other than apprenticeship, at some time in the future, but no sooner than two years after their class has completed apprenticeship, and they have gained related knowledge and job skills to warrant such classification.

SECTION 12.8 The JATC shall select and indenture a sufficient number of apprentices to meet local manpower needs. The JATC is authorized to indenture the number of apprentices necessary to meet the job site ratio as per Section 12.12.

SECTION 12.9 Though the JATC cannot guarantee any number of apprentices; if a qualified employer requests an apprentice, the JATC shall make every effort to honor the request. If unable to fill the request within ten (10) working days, the JATC shall select and indenture the next available person from the active list of qualified applicants. An active list of qualified applicants shall be maintained by the JATC as per the selection procedures.

SECTION 12.10 To accommodate short-term needs when apprentices are unavailable, the JATC shall assign unindentured workers who meet the basic qualifications for apprenticeship. Unindentured workers shall not remain employed if apprentices become available for OJT assignment. Unindentured workers shall be used to meet job site ratios except on wage-and-hour (prevailing wage) job sites.

Before being employed, the unindentured person must sign a letter of understanding with the JATC and the employer – agreeing that they are not to accumulate more than two thousand (2,000) hours as an unindentured, that they are subject to replacement by indentured apprentices and that they are not to work on wage-and-hour (prevailing wage) job sites.

Should an unindentured worker be selected for apprenticeship, the JATC will determine, as provided for in the apprenticeship standards, if some credit for hours worked as an unindentured will be applied toward the minimum OJT hours of apprenticeship.

The JATC may elect to offer voluntary related training to unindentured; such as Math Review, English, Safety, Orientation/Awareness, Introduction to OSHA, First-Aid and CPR. Participation shall be voluntary.

SECTION 12.11 The Employer shall contribute to the local health and welfare plans and to the National Electrical Benefit Fund (NEBF) on behalf of all apprentices and unindentured. Contributions to other benefit plans may be addressed in other sections of this Agreement.

SECTION 12.12 Each job site shall be allowed a ratio of 2 apprentice(s) for every 3 Journeyman Wiremen(man).

Number of Journeymen	Maximum Number of Apprentices/Unindentured
1 to 3	2
4 to 6	4
etc.	etc.

The first person assigned to any job site shall be a Journeyman Wireman.

A job site is considered to be the physical location where employees report for their work assignments. The employer's shop (service center) is considered to be a separate, single job site.

All other physical locations where workers report for work are each considered to be a single, separate job site.

SECTION 12.13 An apprentice is to be under the supervision of a Journeyman Wireman at all times. This does not imply that the apprentice must always be in-sight-of a Journeyman Wireman. Journeymen are not required to constantly watch the apprentice. Supervision will not be of a nature that prevents the development of responsibility and initiative. Work may be laid out by the employer's designated supervisor or journeyman based on their evaluation of the apprentice's skills and ability to perform the job tasks. Apprentices shall be permitted to perform job tasks in order to develop job skills and trade competencies. Journeymen are permitted to leave the immediate work area without being accompanied by the apprentice.

Apprentices who have satisfactorily completed the first four years of related classroom training using the NJATC curriculum and accumulated a minimum of 6,500 hours of OJT with satisfactory performance, shall be permitted to work alone on any job site and receive work assignments in the same manner as a Journeyman Wireman. An apprentice shall not be the first person assigned to a job site and apprentices shall not supervise the work of others.

SECTION 12.14 Upon satisfactory completion of apprenticeship, the JATC shall issue all graduating apprentices an appropriate diploma from the NJATC. The JATC shall encourage each graduating apprentice to apply for college credit through the NJATC. The JATC may also require each apprentice to acquire any electrical license required for journeymen to work in the jurisdiction covered by this Agreement.

SECTION 12.15 The parties to this Agreement shall be bound by the Local Joint Apprenticeship Training Trust Fund Agreement which shall conform to Section 302 of the Labor-Management Relations Act of 1947 as amended, ERISA, and other applicable regulations.

The Trustees authorized under this Trust Agreement are hereby empowered to determine the reasonable value of any facilities, materials or services furnished by either party. All funds shall be handled and disbursed in accordance with the Trust Agreement.

SECTION 12.16 All Employers subject to the terms of this Agreement shall contribute the amount of funds specified by the parties signatory to the local apprenticeship and training trust agreement.

The current rate of contribution is: 61 cents per hour for each hour worked. This sum shall be due the Trust Fund by the same date as is their payment to the NEBF under the terms of the Restated Employees Benefit Agreement and Trust.

ARTICLE XIII SAFETY / SEPARABILITY / TIMELINESS

JOB SAFETY

SECTION 13.1 On all energized circuits or equipment carrying four hundred and forty (440) volts or over, as a safety measure, two (2) or more Journeymen must work together, one (1) standing by wearing rubber gloves. When pulling and installing conductors, proper rubber goods, such as blankets, rubber snakes, etc., must be available and used.

When one (1) or more Journeymen are working on street lighting or traffic signals, and are required to be in a hazardous position due to passing vehicles, a signalman shall be employed. Said signalman shall be equipped with a red or orange jacket and a red flag.
